

Eye See You Cat Kerr

Material List:

- Marbles
- Amazing Mold Putty <https://www.moldputty.com/>
- Amazing Clear Cast <https://www.moldputty.com/>
- Black and White Dye <https://www.moldputty.com/>
- Deco Arts Americana Multi Surface Paint(I used White,Coastal Waters,Chartreuse) <http://www.decoart.com/>
- Deco Arts Americana Metallic Paint (I used Yello Gold) <http://www.decoart.com/>
- Brushes and water Cup
- Wax Paper
- Measure Cups and Popsicle Sticks

Instructions:

1. Mix two equal parts of Amazing Mold Putty and Create a mold out of a marble.
 2. Mix up two equal parts of Amazing Clear Cast and pour a little bit into the mold. Let Cure.
 3. Pour two equal parts of Amazing Clear Cast Resin. Add Black dye to part A and mix thoroughly. Then combine both part A and part B and mix thoroughly. Next, using a popsicle stick drop a tiny dot into the mold. This is the pupil. Let Cure.
 4. Add metallic Paint and then add line markings with a pointy tool. Then add desired paint colors and add line markings to each layer of paint. This is the Iris.
 5. Pour two equal layers of Amazing Clear Cast. Add black dye and mix thoroughly. Cover the paint layer in the mold with a **thin** layer of black resin and let cure.
 6. Pour two equal layers of Amazing Clear Cast. Add white dye and mix thoroughly. Cover the black layer in a **thick** white resin layer and let cure.
 7. Pop out eyes. Place on wax paper and drop some Clear cast on to the front of the eyes. This will make them nice and shiny. Let cure.
 8. Discuss the multiple project samples.
