

Pattern Resist with Color wash!
Watercolor Washes over Liquid Frisket.
By Janet Takahashi

SUPPLIES & TOOLS:

- Koi WaterColors – Pocket Field Sketch Box
- Koi Coloring Brush Pens
- Gelly Roll pens for embellishments
- Liquid Frisket; Grafix Incredible White Mask
- Grafix Liquid Frisket Remover
- Grafix The Incredible Nib
- Small 6-well palette (for liquid frisket)
- Paintbrush with synthetic hair (for liquid frisket)
- Paintbrushes, flat and pointed & Koi Water brush
- bar soap (for cleaning brush used for resist)
- Water container
- Paper towels
- Ruler
- Pencil/Eraser
- Masking tape
- Light Table optional, to be used with a grid or design to be traced
- small trash container to collect removed frisket

Instructions:

1. Tape area of pattern with masking tape
2. Apply Liquid Frisket:
 - Pour into a smaller well palette
 - Remove dried frisket from well with wooden skewer
 - Cover frisket while working
 - Can add a cobalt blue colorant
 - Apply frisket
3. Ways to apply watercolor:
 - Pointed brush, spot areas
 - Wash area with different colors
 - flat brush, larger areas (use more water in the palette)
 - pouring paint and flicking in more color
4. Remove Frisket using crepe rubber frisket remover
5. Intensify color, adding additional color with Koi coloring brush pens
6. Embellish with additional gel pens
7. Remove final taped border
