1 Cut-Out

1 Gem Sheet

Additional Materials Needed

(Not Included in Kit)

Glue

String

Optional: Paint & Brush

HOW-TO:

STEP 1: GET CREATIVE!

The first step is optional. Paint your cut out with acrylic paint. Be as artistic as you want.

STEP 2: MOSAIC!

Remove liner from the back of Gem Sheet and stick the sheet to the cut-out, or remove all individual gems from Gem Sheet and glue down the gems following the image on box or your own design. Just a dab of glue on the back of the gem will do. Then wait for glue to dry.

STEP 3: THE FINISHING TOUCH!

Time to hang it up. Select a string you would like to use. Cut the string to your desired length. Run through the opening in the cut-out and tie a knot at the end.

This mosaic gem creation can be cherished in your room, or gifted to family, teachers and friends. Perfect your creativity with a Mosaic Gem Kit!
